Re: Retention of Outside Counsel

Dear GeorgAnna:

Our office requests appointment of outside counsel pursuant to Iowa Code section 13.3(1) in *Mary Kimball v. Woodward State Hospital School, State of Iowa and the Second Injury Fund*, a workers' compensation case filed by a state employee. Because the resolution of this claim may turn on whether the State of Iowa or the Second Injury Fund must pay workers' compensation benefits, our office cannot represent both defendants.

In order to avoid a conflict of interest, the Special Litigation Division has contacted Ryan Clark of the Patterson Law Firm, L.L.P., 505 5th Avenue, Suite 729, Des Moines, Iowa, 50309-2390, to represent the Second Injury Fund. Mr. Clark has agreed to represent the Second Injury Fund at the rate of \$80.00 per. Our office will represent the State of Iowa.

Accordingly, we request Executive Council approval to retain Mr. Clark to represent the Second Injury Fund in this case.

Sincerely,

DESCRIBE WHY THIS MEMBERSHIP IS IMPORTANT TO THE WORK OF YOUR DEPARTMENT.

In Iowa there are currently 661 licensed optometrists. ARBO is the association of boards that regulate optometry in the U.S., District of Columbia, Guam, Puerto Rico, the Virgin Islands, and the Canadian provinces of Ontario and Quebec. ARBO provides member boards with opportunities to exchange information and engage in programs and joint activities relating to the licensure and education of optometrists. ARBO board members work with the National Board of Examiners in optometry to ensure that the national exam is current and appropriate for ARBO member boards. They also assist in updating optometric laws and rules upon request by a member board. With constant changes in the optometry profession, belonging to ARBO allows for the exchange of useful information via an e-mail listserv. ARBO currently administers the Council on Endorsed Licensure Mobility for Optometrists (CELMO) program to assist state optometry boards in reviewing application for licensure from established practitioners in other jurisdictions, ARBO also administers the IE Tracker program that captures and stores continuing education attendance data for optometrists. As a member board the information retained in the ARBO OE Tracker database can be accessed online saving time and reducing paperwork by tracking CE credits electronically.

DESCRIBE HOW MEMBERSHIP IN THIS ORGANIZATION WILL BENEFIT THE TAXPAYERS OF THE STATE OF IOWA.

Membership is required so the board will have the capability to use the OE Tracker database which will give Iowa licensed optometrists the ability of tracking their required continuing education. A significant amount of professional consultation and networking regarding licensure issues will be lost. As the Optometry Board goes through the process to update the requirements for licensure this process will be made more difficult without the expertise and networking provided by ARBO.

DESCRIBE WHY THIS MEMBERSHIP IS IMPORTANT TO THE WORK OF YOUR DEPARTMENT:

ASWB is the Assoc. of Boards that regulates social work in the U.S. Membership is required for social worker applicants in Iowa to take the national examination required by law for licensure. In Iowa, approximately 1500 bachelor's level, 1200 master's level and 1600 independent level social workers hold active licensure. Membership is also required to participate in the national disciplinary action reporting system that prevents social workers who have been sanctioned from working in another state. ASWB membership provides continuing education, legal advice, new board member training, publications, research, and consultation, and pays the expenses for one Iowa representative to serve as a delegate at the annual meeting.

DESCRIBE HOW MEMBERSHIP IN THIS ORGANIZATION WILL BENEFIT THE TAXPAYERS OF THE STATE OF IOWA.

Membership is required so that Iowa will be able to use the national examination that all other states use. New board members are able to attend new board member training that is funded entirely by the ASWB. Professional and legal consultation will be lost. Iowa will lose access to the nation disciplinary reporting system specific to social workers. Social workers who are required to be licensed

to practice in Iowa, and Iowa graduates who apply for licensure in another other state, will be severely disadvantaged.

DESCRIBE WHY THIS MEMBERSHIP IS IMPORTANT TO THE WORK OF YOUR DEPARTMENT.

Federation of Chiropractic Licensing Boards (FCLB) is the national association of chiropractic boards that provides the national clearinghouse and forum for chiropractic regulatory issues. Annual conferences provide that state an opportunity to exchange ideas and strategies on regulatory issues as well as provide an opportunity for Iowa to have input in the development of chiropractic examining regulatory standards to ultimately protect the consumer public. In Iowa, over 1534 chiropractors hold active licensure. By law, chiropractors must be licensed to practice in Iowa and must pass the national examination. FCLB membership provides access to premier chiropractic services without such would be unavailable to the Iowa Chiropractic Board including: access to the chiropractic information network – Board actions databank (CIN-BAD which is the national on-line chiropractic data bank that provides national public board actions taken by chiropractic regulatory licensing boards, and/or exclusions form Medicare/Medicaid reimbursement by the U.S. Department of Health and Human Services. This information assists the Board in screening potential applicants for licensure to protect the public. Access to national power polls that allows the Iowa Board to quickly survey other state boards on regulatory and administrative policies as it establishes policies and standards of care to protect the public. Access to the association/s directory where state licensure requirements are

maintained for reference and use by Iowa as it continues to assess professional practice and state requirements. Access to the association's news alerts that keeps the Iowa board up to date on state and national issues relating to potential discipline issues that Iowa might need to address. Input the providers of approved continuing education (PACE) system which is a continuing education approval system to streamline continuing education provider assessments and audits. The Iowa board approved the acceptance of PACE approved coursework in Iowa administrative rules subsection 44.3(2)b5.

DESCRIBE HOW MEMBERSHIP IN THIS ORGANIZATION WILL BENEFIT THE TAXPAYERS OF THE STATE OF IOWA.

Membership in the FCLB is necessary to Iowa to maintain critical lines of data and information relating to individuals licensed both in Iowa and other states if they request licensure by endorsement through the CIND-BAD databank system. In addition access to information about other state regulatory issues through the Power poll and new alert systems provide valuable resources as the Iowa Chiropractic board continues to update its policies and procedures through the administrative rules process to respond to emerging professional or practice problems or new professional innovations. Membership in the FCLB also provides Iowa with a voice in the establishment of national chiropractic policies, procedures and strategies that eventually affect services provided to Iowans.

If yes, please list:

Please describe why your department should have an additional membership IPERS invests in private equity solely through limited partnerships and currently has \$2.8 billion in private equity assets. The ILPA is an influential group of large institutional private equity investors that seek to promote research and performance measurement and reporting standards in the private equity industry, facilitate value-added communication between limited partners, and enhance education in the private equity asset class. The IPERS Investment staff strongly believes that standardized valuation and performance calculation practices are needed in the private equity industry so that limited partners can compare investment results and opportunities in a consistent manner. Membership would also afford IPERS the benefit of receiving the latest research on the asset class and being kept informed of the latest developments within the asset class. The funding for the requested membership will come from the IPERS Trust Fund, not the State's General Fund.

WILL THIS MEMBERSHIP REQUIRE AND PAY FOR OUT-OF-STATE TRAVEL? Yes ☒ No

If yes, list the anticipated number of trips per year and their purpose:

No, travel is not required. However, membership does entitle IPERS to attend the semi-annual meetings of the ILPA, which could result in out-of-state travel if Investment staff or a Board member believed that attendance would be beneficial.

DESCRIBE WHY THIS MEMBERSHIP IS IMPORTANT TO THE WORK OF YOUR DEPARTMENT

IPERS' private equity investment officer oversees \$2.8 billion in private equity investments. The development of standard practices would help IPERS (and all limited partners) to consistently and effectively measure performance of private equity investments. Also, continuing education of staff is extremely important to the mission of making knowledgeable investment decisions that benefit both IPERS members and state taxpayers.

DESCRIBE HOW MEMBERSHIP IN THIS ORGANIZATION WILL BENEFIT THE TAXPAYERS OF THE STATE OF IOWA.

IPERS is a "defined benefit" pension plan, which means that specific levels of members' retirement benefits are guaranteed under Iowa law. Should oversight of IPERS' Trust Fund investments not be effective, the State and other IPERS employers (e.g., Iowa counties, cities, and school districts) will be required to increase their contributions to IPERS beyond the level otherwise required. Increased contributions could well mean increased taxes.

DESCRIBE THE FREQUENCY AND TYPE OF CONTACTS YOU EXPECT YOUR DEPARTMENT TO HAVE WITH THIS ORGANIZATION:

Membership Form 42400

July 2009

It is expected that IPERS' investment staff will receive scheduled quarterly e-mail or newsletter updates from the ILPA, and that a staff member may attend an ILPA meeting once per year if the agenda indicates that attendance would be beneficial. IPERS would also have infrequent contact from the ILPA officers and other ILPA members through e-mail list servers as members share concerns and information regarding private equity investment.

Please describe why your department should have an additional membership:

The IPERS Investment Board and IPERS Investment Division staff has responsibility for overseeing the investment of the \$22 billion IPERS Trust Fund. Real Estate currently represents \$1.9 billion of the total fund. Given its prominence in the fund, we believe the NCREIF membership is prudent. The funding for the requested membership will come from the IPERS Trust Fund, not the State's General Fund.

WILL THIS MEMBERSHIP REQUIRE AND PAY FOR OUT-OF-STATE TRAVEL? No
If yes, list the anticipated number of trips per year and their purpose: Travel is not required.

DESCRIBE WHY THIS MEMBERSHIP IS IMPORTANT TO THE WORK OF YOUR DEPARTMENT:

In June of 2004, the IPERS' Investment Board approved the use of the NCREIF Property Index (NPI) as the benchmark for our private market real estate separate account managers. Membership in NCREIF will give staff access to all of the NPI historical and current investment return and risk data, allowing for better oversight of our separate account relationships. In addition, NCREIF provides real estate investment research papers and continuing education opportunities for its members, which is extremely important to the mission of making knowledgeable investment decisions that benefit both IPERS members and state taxpayers.

DESCRIBE HOW MEMBERSHIP IN THIS ORGANIZATION WILL BENEFIT THE TAXPAYERS OF THE STATE OF IOWA.

IPERS is a "defined benefit" pension plan, which means that specific levels of members' accrued retirement benefits are guaranteed under Iowa law. Should oversight of IPERS' Trust Fund investments not be effective, the State and the other IPERS employers (e.g., Iowa counties, cities and school districts) would be required to increase their IPERS contributions to a greater extent than otherwise necessary. Increased contributions could well mean increased taxes.

DESCRIBE THE FREQUENCY AND TYPE OF CONTACTS YOU EXPECT YOUR DEPARTMENT TO HAVE WITH THIS ORGANIZATION:

Aside from member access to historical data via the NCREIF web site and quarterly Real Estate Performance Reports, the member determines the frequency of contact. Should the real estate investment officer choose to participate, discounted continuing education programs and conferences are provided throughout the country every year.

DESCRIBE WHY THIS MEMBERSHIP IS IMPORTANT TO THE WORK OF YOUR DEPARTMENT:

Iowa needs to be engaged in policy and management issues on the Mississippi River to increase the benefits Iowans derive from this great river. The river is both a rich natural resource and a major avenue of commerce. Specifically in this next year, a difficult budget climate in Washington, D.C., along with last year's flooding offer challenges to the states and the Corps for delivering benefits to the environment, transportation, commerce, recreation, energy and community water supplies.

DESCRIBE HOW MEMBERSHIP IN THIS ORGANIZATION WILL BENEFIT THE TAXPAYERS OF THE STATE OF IOWA: The Upper Mississippi is annually worth \$1.7 billion in commerce and \$1 billion for recreation to the five states in UMBRA. Iowa's participation and leadership in UMBRA is one of the best ways to assure Iowans that they continue to receive these sustainable benefits from this great river.
